

AH-1K747 BLADE MAINTENANCE, REPAIR AND OVERHAUL (MRO) SERVICES

ROTOR BLADE EXPERTS

BLADE OVERHAUL & REPAIR PROGRAMS

Kaman is a leading OEM specializing in rotor blades for a range of helicopter platforms, including the Bell AH-1 Cobra, Kaman SH-2G, and Kaman K-MAX K-1200. With comprehensive expertise in the repair, overhaul, and testing of rotor blades as well as our unique x-ray capabilities, we proudly support helicopter operations on a global scale.

Our Bloomfield, Connecticut, facility is equipped with a state-of-the-art Blade Whirl Rig Test Stand, enabling us to perform specialized blade testing. This advanced capability distinguishes us as one of the few sites in New England offering such services.
